What Makes Women In Business - Parker Different?

We are not a leads group; rather, we offer many means and opportunities to develop relationships and know each other's businesses, which facilitates quality referrals.

Another rewarding aspect of Women in Business – Parker is our comfortable member size. Unlike large, often impersonal groups, our depth of knowledge enables us to make and receive quality referrals.

Women In Business-Parker features:

- One member per industry category, primarily “micro” businesses (single proprietors or owners with just a few employees)
- Women-only membership
- Give vs. Get philosophy
- Strong relationships and community
- Main, Business Brainstorming and one-on-one meetings

Meetings - see website for meeting locations

Main Meeting - required, first Wednesday of each month, 10:00 -11:00 a.m.

Business Brainstorming Meeting – optional, first Wednesday of each month, 11:00 - 11:30 a.m.

One-on-One Meetings - arranged among members to learn:

- What products and services member businesses provide
- Why members are passionate about what they do
- How member products or services are better than others in their field
- Who would be a great referral

For additional information or to apply for membership, please contact:

Kathy Boye, Membership Chair, 303-263-0215, jpkathy@comcast.net
